FLEXOPACK

Flexopack's Vassilopita Celebration

Our company's traditional New Year's cake (Vassilopita) event was held after a long time due to the pandemic!

All of our colleagues were gathered, and everyone had an amazing time that made the celebration last a lot more than originally expected...

We laughed, we drank (within limits!) and many lucky colleagues returned home with unique gifts from our customary raffle.

Our best wishes for the New Year!

Flexopack Group is a leading producer of flexible packaging used by major meat and cheese industries globally. Proudly celebrating 40 years of operational excellence, with multiple production facilities and subsidiaries around the world.

With significant presence across the Americas, Europe, Oceania and Asia, Flexopack offers expert advice on providing the best solutions for each customer.
